

Chandana M

Bangalore, Karnataka — +91 8310943148 — chandumdruthi@gmail.com — [LinkedIn](#)

PROFESSIONAL SUMMARY

Software Engineer with 1+ year of experience building and debugging production web applications using JavaScript, React.js, Node.js, RESTful APIs, and SQL databases. Experienced in developing full-stack product features, integrating backend services, working with data-driven applications, and integrating LLM APIs to generate Candidate Development Reports. Strong foundation in software development, debugging, problem-solving, and collaborative Git-based workflows.

TECHNICAL SKILLS

Languages: JavaScript, Java, SQL
Frontend: React.js, React Hooks, HTML5, CSS3, Tailwind CSS, React Query, Axios
Backend: Node.js, Express.js, RESTful APIs
Databases: PostgreSQL, MySQL
AI / Integration: LLM APIs, API Integration
Tools: Git, GitHub, Cursor

PROFESSIONAL EXPERIENCE

Junior Software Developer

November 2025 – Present

Curatal

Bangalore

- Developed and maintained production application features using JavaScript, Node.js, React.js, RESTful APIs, and PostgreSQL.
- Built reusable React.js components and integrated backend services through REST APIs using Axios and React Query.
- Developed data-driven product workflows including search, filtering, pagination, dynamic rendering, and API-based functionality.
- Integrated LLM APIs into the product to generate Candidate Development Reports, transforming candidate-related data into structured development insights.
- Debugged application and API issues, performed root-cause analysis, and contributed to performance, reliability, and maintainability improvements.

Technical Intern

June 2025 – September 2025

Tibil Solutions

Bangalore

- Developed backend features using Node.js and Express.js and worked with RESTful APIs.
- Worked with SQL databases and debugged application issues to support feature development.

PROJECTS

Interview Management & Candidate Development Platform – Curatal

React.js, Node.js, PostgreSQL, REST APIs, LLM APIs

- Contributed to a production interview management platform by developing data-driven dashboards with search, filtering, pagination, dynamic rendering, and REST API integration.
- Integrated LLM APIs to generate Candidate Development Reports, transforming candidate data into structured and actionable development insights.

EDUCATION

Bachelor of Engineering (Computer Science)

ATME College of Engineering

Aug 2019 – Jun 2023

CGPA: 7.5/10

CERTIFICATION

MERN Stack Developer – Innova Skill Technologies – Jun 2023 – Jun 2024
